Local Author To Begin Mini Book-Signing Tour at North Country Burger Kings

Starting July 31st, Marc Spicer, author of *Saviors Among Us: Situation Critical*, will begin a mini book-signing tour of Burger King restaurants throughout the North Country.

The schedule is as follows:

Massena Burger King: Friday, July 31st (4-7 P.M.)
Malone Burger King: Saturday, August 1st (4-7 P.M.)
Potsdam Burger King: Tuesday, August 4th (4-7 P.M.)
Canton Burger King: Wednesday, August 5th (4-7 P.M.)
Ogdensburg Burger King: Thursday, August 6th (4-7 P.M.)

Anyone who brings in a copy of *Saviors Among Us: Situation Critical* for Spicer to sign or purchases a copy from him at a Burger King will also receive two random gift cards for free Burger King food (anything from free fries or soda to breakfast sandwiches to value meals).

“It is very exciting to team up with Burger King,” Spicer noted. “I have known Tim Daily, the Vice President and Co-owner of the local franchises, for a long time. Not only do his restaurants serve outstanding products, but he and his team also do an outstanding job reaching out to and supporting the community.”

Spicer also explained that this is a win-win opportunity for him and his readers. “Anyone who buys the book

will receive two random coupons for delicious food, and I will also have the opportunity to have one-on-one conversations with people who have read the book. I am very excited to hear what they thought about the novel and what they would anticipate for a sequel.

So far, reader reactions to the book have been very positive. “There was a parent who contacted me after he purchased a copy on his son’s 12th birthday. His son was given (a video game system), video games, remote control cars and a digital camera. Before playing with any of his gifts, the birthday boy snatched (*Saviors Among Us: Situation Critical*) out of his father’s hand and read it cover to cover. Everything else sat in the corner.”

Dates for the book signings will appear five days in advance on the various Burger King Restaurants' changeable marquees and have been posted on www.SaviorsAmongUs.com.

About The Book...

Getting old is bad enough, but what if you were a beloved, world-famous superhero who must come to terms with the fact that you are approaching retirement? Finding himself nearing the end of his career, stuck in the middle of a love triangle involving two younger heroes, still suffering from the heartache of the breakup with the love of his life, and ridden with guilt over the loss of previous super-students, *The Patriot* faces his greatest threat yet.

An old nemesis has returned and is poised to use a brand new energy source in a twisted crusade to save the human race... even if it means destroying the planet in the process. His plans have been in effect for decades, and the threat he presents is far beyond anything The Patriot has faced before. In response, The Patriot has no choice but to form, and learn to rely on, a new team of young heroes.
